#### Dear Readers:

If you give me the pleasure of a visit you will be pleasantly surprised and gratified to find how much better I am now able to attend to your optical wants. This optical establishment is just a little ahead of this city and in keeping with those to be found in larger cities. There is no cause for you to leave Anderson when you desire the service of a skilled optometrist whose facilities and equipment cannot be excelled anywhere.

It is an added pleasure for me to tell you that I have a modern lens grinding shop in connection with my optical establishment. This fact enables me to repair broken lenses while you wait. If you will bring me the broken lenses, I am able to get out prescription work the same day it is received. This eliminates the delay and annoyance of waiting while your prescription is sent out of town.

All the work from the examination of the eye to the finished lenses and fitting of glasses is done under my personal supervision. Knowing that the work is right, I do not hesitate to guarantee satisfaction.

Give me a trial please when I can be of either service to you.

Yours very truly,

Dr. M. R. CAMPBELL,

Louisa S. Hugenbocker, Asst.

Registered Optometrists.

## SENECA CHAUTAUQUA PROGRAM COMPLETED

WILL BE ONE OF GREATEST  
MEETING HELD IN THE  
SOUTH

### FOUR GREAT DAYS

Will be Crowded With Interesting  
Events and Many Prominent  
Men Will Speak.

All the agencies working for the promotion of better agriculture and rural improvement in the state are co-operating to make the approaching chautauqua at Seneca the most significant meeting for farmers ever held in the south. Those who are co-operating in this great meet are: The agricultural department at Washington, through its bureau of markets, office of road economies, boys' corn club and girls' tomato club extension work, and the farm extension department, the state department of agriculture, Winthrop and Clemson colleges and the industrial and agricultural department of the Southern railway. This meeting represents a new idea in the development of improved agriculture and rural development, that of adapting the "chautauqua idea" to the practical needs of the farmers, their wives and children, and to rural uplift and development. If it succeeds, which it has every assurance of doing, Oconee county will go down in history as the place where it was first tried out, and may become as prominent as the 1915 New York lake where the idea was first applied to Bible study.

The little city of Seneca, where the chautauqua is to be held, is rapidly taking on a gala appearance; banners and flags, blooms and bunting are beginning to fly, the stores and places of business are being decorated, the town is being thoroughly cleaned and whitewash is being spread where it will be good. Everything that can be thought of is being done or planned for the comfort and pleasure of the thousands who are expected to attend during these four great days—Thursday, Friday, Saturday and Sunday, July 22, 23, 24 and 25.

Tremendous crowds are expected, but it will be hard to surpass Seneca's hospitality or to exceed its preparations.

## GEORGE M. BURDETTE DIES AT HOME AT IVA

ONE OF OLDEST AND MOST  
HIGHLY RESPECTED  
CITIZENS

### WAS WELL KNOWN

All Over County and His Death is  
Greatly Deplored—Funeral  
Held Yesterday.

News reached the city yesterday morning of the death in Iva of Mr. George M. Burdette, one of the most widely known and highly respected citizens of that section of the county, which occurred on Friday afternoon at 1:30. Funeral services were held yesterday morning at 10:30 at his late residence in Iva and interment was made immediately afterwards in the Iva cemetery. Mr. Burdette was a Mason and he was buried with Masonic honors.

Mr. Burdette was one of the oldest if not the oldest citizen in Anderson county, being 83 years of age. He went through the civil war and was in some of the thickest fighting. In after years he engaged in the mercantile business at Iva, then known as Cook's station. Several years ago he retired from business and since has spent the time quietly at his home.

Mr. Burdette had been in feeble health for the past two months and his death Friday was not unexpected. Besides his wife he is survived by one son, Mr. R. H. Burdette, and one daughter, Mrs. J. J. Price, both of Iva, and several grandchildren.

Mr. Burdette was one of the most highly respected citizens in his community and his death will be greatly deplored by the people generally. Everybody loved him and for the past year when he has been unable to get out from his home much, he has had numerous visitors. His greatest delight seemed to be in getting a crowd of little children around him. They were very fond of him and will miss the pleasant hours that they have spent around him.

How to Prepare for Sleep on Hot Nights.

On the "Exchange" page of the August Woman's Home Companion appear ideas and suggestions which readers have found practical and helpful. One contributor tells as follows: how she discovered a method for inducing sleep:

"How to secure a good night's sleep in hot weather is often a most trying problem, especially to the sick. Here is a method that I find successful: I pour cold water into a hot water bottle until about half full, screw top partly on, then with one hand, squeeze upper part of bottle until all air has been forced out. Then I tighten the top, and a soft, pliable pillow is the result. I wrap this in a towel, or slip it inside the pillowcase, and lay my head so that the bottle is at the back of my neck. In a few moments I am cool and comfortable and sleep quickly follows. Just try it some night."

The Value of Corn Stalks and Blades.

Farm and Fireside says: "More than two-thirds of the value of corn is on the ear, and one-third in the stalk and blades. The silo will save the third which is usually as good as wasted. Why save only two-thirds of the crop?"

spending today with the former's parents, Mr. and Mrs. A. T. Presley at Five Forks.

Dr. George Evans, Jr., of Owl Drug company, went to Pendleton last night where he will spend this week.
